KIND WORDS

Sally was amazing and we couldn't be happier to have worked with her on our special day. Pre wedding, we had a lot of communication with Sally and the ceremony was written to reflect our personalities and stories. Once in Corfu, we met the day before for a rehearsal at our venue. On the wedding day, the ceremony was perfect. My Dad was brought pretty much to tears and said it was the most emotional wedding he had ever been to - so much so he changed his speech from a funny one to an emotional one so it reflected the tone (in his words).

Professional and brilliant - thank you Sally!
